ABSTRACT

Information on degree and certificate programs offered and student completions for fiscal year 1978-79 in North Dakota postsecondary educational institutions is compiled in this report. In Section I information on program offerings by subject and student program completions are tabulated for one-year programs, two-year programs, bachelor's degree programs, master's degree programs, specialist's degree programs, and doctoral degree programs. General institutional information provided includes a list of the chief administrators at North Dakota schools, information on institutional charges, and identification of the highest level of programs offered at each institution. Section II includes information about North Dakota proprietary schools including addresses and program offerings. A list of institutional financial aid officers or program directors is presented in Section III. (SF)

INTRODUCTION

This report provides information on degree and certificate programs offered and student completions for fiscal year 1978-79 in North Dakota postsecondary educational institutions.

Information is categorized by program level and by type of institution. The proprietary institutions are identified with programs offered in Section II.

Cost information is included on pages 5 and 6. Individuals reviewing these items are encouraged to contact the institution directly for a complete cost breakdown. Tuition, fees, board and room charges are subject to change following the publication of this report.

Information included was provided by administrators in each institution. Those institutions that do not have complete data did not respond to all the Commission's requests.

Individuals desiring additional program information about vocational-technical programs should check the directory published by the State Board for Vocational Education.

SECTION III

Financial Aid

General Information

INTRODUCTION

There are many students in North Dakota for whom the cost of obtaining any postsecondary training is a major obstacle.

To assist these needy students, there are a variety of grant, loan, and work programs available. These programs may be funded by the local postsecondary institution, the State of North Dakota, or the Federal government.

Since the criteria for eligibility and the procedures for application may vary from institution to institution, the interested student should contact the financial aid officer of the institution he plans to attend.

Interested students may also contact the Director of the North Dakota Student Financial Assistance Agency to obtain a booklet that describes many of the financial aid programs available and the procedures that must be followed to take advantage of them.

FOR INFORMATION, PLEASE CONTACT:
